# ASSET GROWTH

Armada Financial Planners focus on individual goals and values, providing you with an honest and professional service tailored to your financial needs.

Our consultants pride themselves on being a financial advisory firm with a commitment to improving the quality of life of our clients by fulfilling their financial objectives.

As we work with you to organise your financial affairs, create and protect capital, and achieve your desired lifestyle choices, our recommendations are always underpinned by exhaustive and professionally conducted research.

We work closely with your Accountants to ensure a smooth delivery of your financial goals.

We source leading research organisations for market assessment, technical analysis and practical techniques as an important component in providing the very best financial strategies.

The Armada Group consists of a number of independent businesses. Each business is a separate legal entity in its own right and not in partnership with any other members of the Armada Group.

# WE CAN HELP WITH

- ✔ Understanding the GAP of what you need when you retire
- ✔ What actions you need to take
- ✔ What rate of return you need to achieve your goals
- ✔ The level of investment risk appropriate for your stage of life

# WHAT WE DO

We provide advice to individuals, business owners, companies and superannuation trustees on:

- Financial Management
- Investment Management
- Aged Care
- Risk Management
- Superannuation Advice
- Insurance

We seek to understand your situation, your goals and your experience with finances in order to be able to properly advise you on:

## **SUPERANNUATION**

We can help you navigate through the myriad of options to make sure your Super Fund is the right fit for your particular circumstances. We then help with ongoing management for contribution, pension, rollovers and investments.

## **RETIREMENT PLANNING**

At Armada we believe that planning is absolutely crucial to a successful retirement. We will help you with your Super, Account Based Pensions, financial modelling, centrelink entitlements and budget planning.

## **INVESTMENT MANAGEMENT**

We help you make investment decisions for your different structures and review the performance to ensure your returns are maximised depending on your risk profile and current market conditions.

## **PERSONAL INSURANCE**

By exhaustive and professionally conducted research with our comprehensive knowledge and expertise of insurance we aim to give you the best possible life, income and critical illness insurance that suits your needs.

## **STRATEGIC PLANNING**

We provide ongoing advice in the most appropriate structures to manage your wealth. In conjunction with your Accountant, we aim to build a platform to grow and protect your wealth.

## **CENTRELINK**

We can assist with the application process, review your benefits and discuss strategies relevant to your financial circumstances.

## **AGED CARE**

We provide strategic advice on funding options for both the upfront and ongoing costs of Aged Care.
